Friend/Relative _____ Phone _____

Family Physician _____ Phone _____

Hospital _____ Insurance Co. & Pol. # _____

Medical Alerts _____

_____ I have a Festival shirt.

_____ I do not have a Festival shirt.

By signing below the parent/guardian and student:

NO REFUNDS AFTER THE FIRST WEEK

Do hereby give and grant unto any medical doctor or hospital consent and authorization to render such aid, treatment or care to said student as in the judgment of said doctor or hospital, may be required, on an emergency basis, in the event said student should be injured or stricken ill while participating in an activity sponsored by PVSchools. It is hereby understood that the consent and authorization hereby given and granted are continuing, and are intended by us to extend throughout the current school year.

It is further understood that any expense incurred will be paid for by the parent/guardian or their insurance. Payment of the expense is not a school responsibility. Emergency Care: If emergency service involving medical action or treatment is required and parents/guardians cannot be contacted, I hereby consent, for the student named above, to be given medical care by the doctor selected by the school.

Give consent for coaches, sponsors, athletic directors and Select Physical Therapy athletic trainers to use their judgment in providing and/or securing medical aid if needed.

Understand that insurance and medical coverage is recommended for student athletes. PVUSD #69 does not provide health insurance for students. Parents are highly encouraged to obtain insurance, as they are responsible for medical bills incurred as a result of participation in athletics.

Have watched/read Sports Injury Video and Heads Up Concussion Facts on district website and understand risks involved in athletics.

Give Permission to Transport the above named student by District vehicles to and from away games.

Will take care of equipment that is provided by the District for use during the season.

Understands and will follow the informed consent and code of conduct that is listed on the back of this form.

Allows for the release of name and/or image from District sporting events for various media publications and formats, including but not limited to web pages, newspaper articles, district publications and newsletters. Initial Here _____ *Only Initial here*

We do not allow the release of name and/or image for the above mentioned student. Initial Here _____ *or here*

ACKNOWLEDGEMENT: I/we have read, understand and will abide by the statements, information and videos listed on both sides of this form that are requirements for participation in the Middle School Festival Sports Program.

Informed Consent and Code of Conduct for Middle School Parents and Students

We believe that keeping students and parents well informed encourages an environment that greatly reduces the potential for catastrophic injury. As a school district, we endorse the following statement from the American Medical Association committee on the medical aspects of sports. "Participation in athletics is a privilege involving both responsibilities and rights. The student has the responsibility to play fair, to give his/her best, to keep in training, to conduct him/herself with credit to the sport and the school. In turn, the athlete has the right to optimal protection against injury as this may be assured through good technical instruction, proper regulation and condition of play and adequate health supervision."

1. Parents and Students must be aware of and accept a degree of risk from participation in sports. Coaches/sponsors accept responsibility for instructing students to the full extent of and reasons for rules of safety related to their activity. Parents must accept responsibility for reinforcing these rules.
2. Parents are to be informed in writing regarding minimal health requirements. Students who are mentally, emotionally and physically conditioned for an activity are less susceptible to injury.
3. Outside practices will be modified if temperature exceeds 100 degrees and the combination of temperature & humidity is above 150. Students will be acclimated to hot weather activity by carefully graduated practice schedules. Adequate body fluid levels are critical. Students are encouraged to practice proper hydration on a daily basis as a part of their regular daily activity. Fluid loss and intake during practice is to be monitored. Students are not allowed to use dehydration devices.
4. Parents can assist coaches/sponsors in watching for signs of trouble, in the determined student, who may not want to report discomfort.
5. A student will not be allowed to return to activity after a serious illness or injury without written permission of the student's doctor. The coach/sponsor may override the doctor's permission to allow participation, if the coach does not believe the student is ready.
6. The Governing Board of the PVSchools believes that drugs and alcohol have no place in school academics and activities. Students who are in possession or under the influence of illegal drugs are suspended nine schools days for the first offense and are expelled (by board action) for a second offense. Students who sell or in any way provide drugs or alcohol are expelled on the first offense. In addition to the suspension or expulsion referenced above, student participants in any athletic activity or school-sponsored clubs or organizations will be removed from any form of participation in those activities.
7. Year round conditioning is beneficial to the student's health and is a vital part of any sports program for maximizing performance and minimizing injury. Parents and school staff must be willing to fully share all information regarding the student's health, including injuries, illness and other symptoms, no matter how slight.
8. Parents and students will inform the coach/sponsor if the student is taking prescription and/or non-prescription medication.
9. An Athletic Advisory committee has been established which consists of parents, administrators, teachers and the Director of Student Services. The Director of Student Services will chair this committee representing a cross section of all those concerned with secondary athletic endeavors to provide for consultation regarding athletic safety.
10. Before a student may participate in practice sessions, all necessary forms must be signed.
11. Athletes must practice with their team in order to participate in games and maintain team membership. Under no circumstances may an athlete participate on one of our teams without practicing with that team. They must attend at least a ½ a day of school to practice./compete with the team.
12. Transportation to and from weekday game sites is provided by the school district. Parents may not transport student athletes, except in emergency situations approved by the school administration. In those cases, the necessary paperwork must be filed with the school. All athletes participating in Saturday Festivals are responsible for providing their own transportation to the game site.
13. Our administrators, teachers and athletic staff expect students to demonstrate good sportsmanship and citizenship at all times. Students not living up to this expectation may lose team membership or playing privileges.
14. We expect parents to join the staff in setting good examples. The school staff is charged with the responsibility for taking corrective steps when spectators create or contribute to fan behavior problems. We respectfully ask our parents to join in an overall effort to help make student sport participation a happy and healthy experience. In most sports, spectator bleachers are provided. We expect fans to stay in the seating area and not interfere with the coaches', sponsors or officials' responsibility on the court or field of play.
15. In some sports, there is a limit to the number of athletes that can be selected for the team. Our coaches have developed selection procedures that have been approved by the school principal and athletic director. Each athlete who is interested in All Stars is given a fair opportunity to demonstrate their skill and attitude. The decisions by the coaches are final.
16. There is a NO PASS NO PLAY Policy. An "F" is considered a no passing grade. Each school may choose to make a more stringent policy. By the completion of the third week of practice, any Festival participant interested in pursuing the All Star team must have a grade check. If a participant has a failing grade, they cannot be chosen for the All Star team. If an All Star player receives a failing grade during the All Star season, they will be suspended from play until the grade is deemed passing ("D" or better). Wrestling and Track policy – athletes must be passing prior to the first match/meet to travel and compete.
17. Practices are for coaches and athletes. If a parent/guardian is interested in volunteering a district volunteer packet needs to be turned in along with coach/administration permission. This process takes time. If you are interested, apply over a month before the season begins.
